

ENVOYS WILL SETTLE THE DISPUTE

Carranza-Villa Spat to Be Patched by Mediators, is Report

28 REBEL SCOUTS KILLED AT SANTIAGO

Wilson Congratulates American Envoys on Their Work at Niagara

EL PASO, July 3.—That Carranza will visit Torreon personally to adjust his differences with Villa was denied today by Senor Pesquera, his personal representative here. Both generals will be represented by envoys. Pesquera said that General Eduardo Hay will appear at the conference for General Obregon, commanding the rebels on the west coast. It is not known whom Gonzales, the commander of the east coast, will send.

28 REBELS KILLED BY OUTLAWS SATURDAY
JUAREZ, July 3.—Sixty outlaws led by Manuel Gutierrez ambushed twenty-eight rebel scouts at Santiago Pass near Pearson, Saturday, killing twenty-two, according to advices received here today. Yaqui Indians were dispatched with orders to exterminate the outlaws.

WILSON CONGRATULATES AMERICAN NIAGARA ENVOYS
WASHINGTON, July 3.—President Wilson congratulated Justice Lamar and Frederick Lehman, the American envoys to the mediation conference at Niagara Falls when they called today to pay their respects. The envoys left cards and were leaving the executive offices without seeing the president personally when the president rushed from the room and pulled them back.

"I am intensely proud of the manner in which you represented your country," he said.

A short conference followed. The envoys said that they expect the negotiations to be resumed as soon as the Mexican factions agree upon the personnel of the provisional government to succeed Huerta and plans are perfected to install it.

They will confer tomorrow with Secretary Bryan, Mexican rebel representatives and Argentine Minister Naon.

PENNSY CONSTABLE BELIEVES WARREN A PUBLICITY SEEKER

PITTSBURG, July 3.—Capt. Adams of the state constabulary today arrested Robert Warren at Wilkensburg, charging him with attempting to win publicity by discovering a bomb which he planted himself beneath the residence of President E. M. Herr of the Westinghouse Electrical Manufacturing company, against which a strike is pending. Warren professed that he interrupted another man trying to dynamite the house and exhibited a wound he said he received when the man shot at him. Adams claims that Warren shot himself through the hand. Lieut. Arch of the constabulary later said that Warren made a confession.

PLUTOCRATS MANN YACHTS IN RACE

LONG BEACH, July 3.—With sportsmen captain at the wheels and with passenger lists bearing a resemblance to Duns and Bradstreets financial directories, the yachts Edgirs and Yankee Girl started here today on the race for San Diego where they expect to arrive at 6 o'clock tonight. Three-score of the wealthiest Californians are aboard. The Yankee Girl represented the Sunset Yacht Club of Long Beach, and the Edgirs the San Francisco Yacht Club.

FALLS SEVEN STORIES; ONLY FRACTURES LEG

LOS ANGELES, July 3.—Accidentally pushed into an open elevator shaft by a fellow employee, Fred Anson, aged 22, fell seven stories in a local department store today, escaping miraculously with only a fractured left leg.

Pyrotechnically, A Rustic Tad Has It on a City Lad

Los Angeles Tribune: Who wouldn't be a "country jay" upon the nation's natal day; and, when all the little city boys are playing with their silent toys, cut loose an' make a lovely noise? Gee! but it is surely great, when you wish to celebrate, to have the necessary things to make glum silence use its wings. In the city, you must know, the little kids have got to go to the country or the beach to make the 'Merican eagle screech. The city kids won't stand for fun that comes from cracker, cap or gun. You can't let out an' take a chance—fireworks is 'gainst an ordinance.

But in the country it is great, 'cause the lid's off—at any rate, you can do as you've a mind. Fireworks of every kind have the right of way. The only thing that ain't allowed is a firearm on a county road.

COAL BARONS SUED FOR A GIANT SUM

Government Hot on Trail of Sly Western Fuel Company

SAN FRANCISCO, July 3.—Federal District Attorney Preston has brought suit against the Western Fuel Company for \$861,576.95, the entire value of about forty cargoes of coal sold the government and alleged to have been fraudulently weighed by the company's agents. Duties and drawbacks also being involved, Preston said that more suits will be filed to the amount of \$2,000,000. The evidence will be along the same lines as that recently resulting in the conviction of certain officers of the company.

SUFFRAGE RALLY AT "MARBLE HOUSE"

NEWPORT, R. I., July 3.—Suffragists today invaded the heretofore invincible ramparts of Newport, the summer play-place of America's multi- and mere-millionaires. At the invitation of Mrs. O. H. P. Belmont, woman suffrage leaders from every state in the Union gathered today at "Marble House," the palace home of the New York traction magnate's wife, to discuss battle plans for concentrating all their efforts in supporting a suffrage measure in congress. Suffrage leaders have been widely divided over the respective merits of the Senator Shafroth and Senator Bristow measures now before congress. It was to effect a compromise on these two measures that the meeting was called today.

PAVING TESTED BY RUNAWAY FREIGHT

Bush Street Job Stands Up Well as S. P. Cars Crash Through Barrier

FLYING SWITCH MADE UNKNOWN TO BRAKIE

Box Car Loaded With 32 Tons Cement Barely Indents Asphalt

An unexpected test of the paving recently completed on Bush street at Second by Contractor Huberman was made at 6 o'clock this morning when two Southern Pacific freight cars left the end of the track and a flat car went entirely across the street and came to a stop on the vacant lot on the west side. The car attached to the first was a heavy box car loaded with thirty-two tons of cement and this one came to a stop in the center of the street, the ends of the car reaching the curbing on either side of the street.

It seems that unknown to the brakeman on the train a flying switch was made, starting at Lacy street. When the trainman gave the signal to stop he saw that the engine had already become detached from the cars. He began to apply one of the hand brakes but it was too late to keep the cars from crashing through the barrier at the end of the track and on across the street.

Had it not been for the fact that next to the last car was a heavily loaded one the damage to the curbs on both sides of Bush street would not have been great. As it was the cement curbs were smashed to a considerable extent.

In the center of the street, where the wheels of the cars found no obstructions, the indentation in the paving was extremely slight, perhaps not more than a half inch in depth. The surface asphalt in one or two places was torn up.

The weight of the box car was 37,000 pounds and it was loaded with 64,000 pounds of cement being shipped for use on South Main street. The only break in the pavement was made because of a loaded car of lumber riding on the cement car.

MOTORCYCLISTS IN RALLY AT FAMOUS NEW YORK RESORT

SARATOGA SPRINGS, N. Y., July 3.—Motorcyclists from all parts of the East gathered here today to attend the carnival which started today and will continue tomorrow and Sunday. Motorcycle clubs from Washington, Baltimore, Boston and Springfield came here on their machines. The annual convention of the New York State Federation of American Motorcyclists is scheduled for tomorrow.

MATTY McCUE IS TO SUB FOR AD WOLGAST

LOS ANGELES, July 3.—Little Matty McCue of Racine, Wis., will have his first fling in upper lightweight pugilistic circles tomorrow when he meets Joe Rivers of Los Angeles in a scheduled twenty-round contest at Vernon. Matty will substitute for Ad Wolgast, who broke his arm during his training stunts Sunday.

Both boys concluded their training yesterday and are resting today in preparation for the bout. McCue is something of an unknown quantity, but few expect him to last the limit with Rivers even though it is agreed that the Mexican has gone back in the last year.

MORE MOVES IN GASOLINE WAR

Scroggs Drops Down to Twelve Cents for a Few Hours

NEARLY ALL DEALERS BACK AT SIXTEEN

Three Garages Still Have Their Thirteen-Cent Signs Out

Gasoline has been playing checkers in Santa Ana again, and the end is not yet. It is evident that some more moves are to be made.

Yesterday afternoon many an automobile was filled up at the Scroggs Station, corner Main and Second streets, at twelve cents a gallon.

That was John D's gasoline, too, on top of a \$62,000 check turned in under protest by John D's agents to the county assessor yesterday morning for taxes on oil lands in this county.

Gasoline was selling at seventeen cents a gallon until the Scroggs station put it down to sixteen, and a little later dropped to fourteen.

Two or three days ago by common consent nearly all of the garages of the city put on a price of thirteen cents.

And yesterday afternoon Scroggs moved his checker down to twelve cents, and business was lively. Yes, indeed—for twelve cent gasoline is quite a novelty.

But it was not for long. Automobiles filled up their tanks at twelve cents yesterday, but they can't do it today. Scroggs is back at sixteen, and all but three of the garages moved up to sixteen at or about the same time. Three garages still have their "gasoline 13c" signs displayed.

FAMOUS MAN IN ENGLAND IS DEAD

Joseph Chamberlain, One of Greatest Figures in British Politics, Passes Away

LONDON, July 3.—Joseph Chamberlain, aged 72, one of the foremost figures in British politics for years and a former cabinet member, died at 10:15 last night after a long illness following a stroke of paralysis. His American wife, formerly Mary Endicott, was at the bedside.

Joseph Chamberlain was the first British statesman to advocate an American alliance. Chamberlain was a Birmingham manufacturer who early interested himself in politics and held several cabinet posts. He was the colonial secretary at the time of the South African war.

During the early part of his public career he was a Liberal, but later went over to the Conservative, mainly because the latter favored the protective tariff, in which he believed. He was a member of Parliament at the time of his death, but having been ill for so many years he had announced that he would not be a candidate at the next election. His son, Austen Chamberlain, is also in Parliament and is a prominent Conservative.

FATE DECREES DEATH FOR WHARTON, NOT FOR AVAS

Mere Chance That Former Santa Ana Was Not Chauffeur on Fatal Night

Man Found Murdered on Rincon Road, Near Ventura, Employee of Avas

The history of the case, reconstructed from the evidence provided by all the several persons who had witnessed any event or knew any fragment of fact, is given as follows in the Los Angeles Examiner: Wharton left Los Angeles at 8 o'clock the evening of June 24. He was seated in a machine belonging to Avas, which he had been driving for a month in front of 438 South Spring street. The two men came up and asked if he would drive them to Lankershim.

Avas's overcoat was in the machine and Wharton took it out and ran upstairs to a room where Avas was. He gave him the coat and said he had a party of two going to Lankershim.

Start of Trip Described
When Wharton came down the stairs the two men were seated in the back seat of the car. Edward Richard, stepson of Wharton, who was standing across the street, took in the first and, to all appearances, not ominous chapter of the tragic drama.

"The men did not seem to be in a hurry," said Richard. "Neither were they nervous, so far as I could see. The two men sat there silent and gave no orders during the time my uncle got the machine ready. They were not men that he knew; that was certain. I don't believe they knew him. They drove north on Spring street."

Statement by Avas
The part of this unsuspicious preface to what had progressed before the night was over to foul murder, which was contributed by Avas, was as follows:

"Wharton came up where I was playing pool and brought my overcoat," he said. "He told me two men wanted him to drive them to Lankershim and asked me which was the best road. I said the only one was through Hollywood and then on through the Cahuenga Pass. He brought up my overcoat which had been in the machine."

"He was very much pleased at having something to do. He hadn't had a trip for two days. I guess I've got rid of the jinx at last," he said. It was close to 8 o'clock when he left and, with ordinary traveling he was due in Ventura in six hours. That would be about 2 o'clock the following morning.

Was Steady and Sober
"When I learned from his wife the following morning that he had not returned I became alarmed. He was steady and sober and devoted to his wife. He had been making money and was not in debt."

"It looked to me at once as though there had been an accident. I went to Ventura that day with Bert Wharton and when we learned that the abandoned car had been found down near the riverbed we both were convinced there had been foul play."

"There isn't a chance, in my opinion, that Wharton was 'mixed up' in any way with anyone that would have given a motive for this murder. He had been married two years and has worked in Los Angeles at two or three places. At all of these he bore a good reputation."

The story skips a long dark space. What they may have been doing on the eighty-mile ride is something altogether concealed. The next point where there was the impingement of any one's attention upon the train of events was at the tramp's camp among the willows at the edge of the Ventura river.

"It was about 4:30 o'clock Thursday morning," said Baxter, who testified yesterday before the Coroner's inquest in Ventura, "that I saw an automobile coming down from Meta street and run over among the willows near the river. 'I thought it was strange that a machine should go there and, after a few minutes, I went over. I found four men there. It seemed to me that they were shaving or washing up. One young fellow I noticed particularly was shaving off his mustache."

"Within half an hour or so all four left and took the road to Nordhoff. 'Three of them were dressed in dark clothes. The one who shaved off his mustache had a light suit and light hair."

Finds Empty Car
"I looked over several times during the morning and saw that the car was still there. In the afternoon the suspicion grew upon me that something wrong had happened and I found the empty car. There was a glove in the front seat and a revolver holster in the back. I at once notified the sheriff's office."

It was disclosed yesterday that Wharton's watch and scarf pin were stolen. The watch is an open-faced gold Elgin movement of twenty-one jewels and worth about \$35. The stickpin is of curious design. It is made up of two gold skulls and one bone. The skulls have tiny diamond eyes. It is worth about \$20.

When Wharton's body was found by George Hale and his wife of Pasadena, his right hand was gloved. The body, lying fifteen or twenty feet back from the road, was fully clothed, including the overcoat.

Returns Murder Verdict
The jury returned a verdict of murder.

AGED MONARCH VIEWS ROYAL CASKETS

Emperor Joseph of Austria Reported Ill and Alarmingly Weak

PEOPLE REMAIN WROTH AT SERBS, RUSSIANS

State Funeral of Archduke Ferdinand and Wife to Be Held Tomorrow

VIENNA, July 3.—The Emperor visited the chapel at the Hofburg palace today, where the bodies of Archduke Francis Ferdinand and his wife, who were assassinated Sunday at Sarajevo, lay in state. The chamber was cleared of all but priests and guards before the aged monarch entered.

He returned to his quarters at Schoenbrunn palace, where he was attended by his physicians. He is reported ill and alarmingly weak.

The people are angry because permission to view the corpses has been limited almost entirely to the nobility, army and navy officers, civil officials and foreign diplomats.

Fresh demonstrations here against Servians and Russians occurred last night. The Russian embassy at the Serbian legation is being heavily guarded today. The state funeral will be held at Armstotten tomorrow.

Bodies lie in State
The archduke's body lay in a magnificent gilded casket, the wife's in silver gray. The husband's casket stood on a step elevated above his wife's and was guarded by officers of chack Austrian regiments and representatives of every Austrian noble house.

Outside bells were tolled. The streets were packed with people watching the nobility arrive at the chapel, enter, emerge, and drive away.

Although the bodies go to Armstotten tonight, the state funeral will be held here tomorrow. It is believed that the emperor will yet decide to attend.

It is considered a foregone conclusion that Austria will demand Serbia to explain how the assassins came to be armed with weapons from the Serbian arsenal at Kraguyavetz. The general belief is that Serbia will refuse to make such investigation, depending upon Russia for protection. The outlook is reported as being full of possibilities for trouble.

YANKEE ADVISER OF JAPS DIES AT TOKIO

TOKIO, July 3.—Henry Willard Denison, an American, the legal adviser to the Japanese foreign office since 1880, died today of apoplexy. He had received many decorations from the Emperor. He represented Japan at Portsmouth during the ending of the war with Russia.

CAMERA MAN ON STAND IN BIG SUIT

LOS ANGELES, July 3.—Raymond Stagg, a photographer, testified today at the trial of Mrs. Ida Morgan who is the defendant in Mrs. Orris Budd's \$50,000 suit charging the alienation of Budd's affections. He said that he photographed the house at Cima where Mrs. Morgan lived and that there were no knot holes in the house large enough for peep holes. Robt. Lithgow, the detective, had testified for the prosecution that he watched Mrs. Morgan and Budd through holes. Mrs. Morgan is expected to take the stand late today or tomorrow.

FAST MOTORBOATS TO RACE AT BALBOA

Bifi, one of the fastest motorboats on the south coast, has been primed for the races that will feature the Fourth of July celebration on Balboa Bay, Saturday.

This boat repeatedly has done 40 miles an hour on the bay when handled by Lee Collins. It is known to the islanders as "the flyer" and is the pride of the fleet.

There is talk of a big meet for motorboats to be held some time this summer on Balboa Bay in which the San Pedro craft that makes claim to being speeders will be asked to participate. Should it materialize, Bifi will have the backing of all Balboa enthusiasts, who are confident of its winning ability.

Balboa Island this year will be one of the principal points of interest for those who admire water sports. The carnival of the Fourth will be the first of several that are planned.

SAYS ANAHEIM STOPPED SITE

Regents Postpone Action Con-
cerning Citrus Experiment
Station Location

Anaheim Plain Dealer: The Anaheim Board of Trade has effectively landed in its fight against the proposed location of the new citrus experiment station in the San Fernando valley, word being received the first of the week by the board's secretary that the state university regents had discharged the committee who chose San Fernando for the station, and the selection of a site postponed to await the action of the next state legislature.

The regents, through a special committee, had been looking Southern California over for a year or more for a site for a new experiment station. They announced that the site must be in a well watered section and practically free from frost injury. Anaheim, along with some other sections coming up to the requirements, offered a site, in fact, two of them, both as good for the purpose as can be found in the Southland. The thing dragged along until a few weeks ago, when announcement was made that the committee had recommended San Fernando—an absolutely unproven citrus belt—for the station. And immediately thereafter the local Board of Trade got extremely busy. It adopted strong resolutions of protest against the committee's selection, wired a copy of it to the university regents, and sent a copy of it

to every known commercial and civic organization in San Bernardino, Riverside, San Diego and Orange counties. The four counties were practically unanimous in endorsing the Anaheim protest and bombarded the regents with telegrams, letters and largely signed petitions of remonstrance. And the regents sat up and took up large observation, resulting in the special committee's recommendation being given the quietus it deserved.

Anaheim would greatly have liked to have the new station close to its borders, but would have entered no protest had the committee chosen a site in some other proven citrus belt. But when it was proposed to establish a big institution like the station is expected to be, in an unproven citrus belt, that was more than five people could reasonably be expected to stand for, and they are the ones who predominate in the business and civic life of Anaheim.

BEET SUGAR MERITS TO BE EXTOLLED BY THE REFINERIES

A widespread educational campaign to promote the use of home-manufactured Southern California beet sugar has been undertaken by the refineries of this part of the state. These refineries last year handled the beets from 90,000 acres, and from the 766,100 tons of beets produced on this acreage they refined 230,000,000 pounds of sugar. The acreage out to beets this year is approximately the same as last year's acreage.

"Southern California Sugar" is the name to be applied to this sugar and housewives are to be convinced that certain prejudices against beet sugar are not justified. The refineries guarantee it for every purpose for which sugar is used, which means that for preserving and jelly making it is guaranteed to serve the purpose as well as cane sugar.

The reason why this guarantee is possible is that in spite of the belief of many housewives, beet sugar is identical with cane sugar; not even the chemist can tell them apart.

Refineries in Campaign
The seven Southern California refineries in this campaign are the American Beet Sugar company, the Los Alamitos Sugar company, the Santa Ana Co-operative Sugar company, the Anaheim Sugar company, the Southern California Sugar company and the Holly Sugar company.

Dr. Harvey W. Wiley, while chief of the Bureau of Chemistry, declared beet and cane sugar were identical chemically and physically, and added: "Housewives in this country often attribute their failures in putting up preserves to the use of beet sugar. The same failures occur when cane sugar is used."

"In Europe nothing but beet sugar is used, still they have all kinds of preserves; in fact, England, where beet and cane sugars are used without preference, is noted for these products."

COUNTY BEACHES PREPARE WELCOME JULY FOURTH CROWDS

Huntington Beach will be right at the front on offering entertainment for the holiday crowds which will flock to Orange county beaches tomorrow to spend the Glorious Fourth. The successful Pier Day celebration has not yet slipped from the minds of the people who were so royally entertained there on that day.

This seaside resort has numerous advantages which attract the pleasure-seeking crowds. In the first place the Pacific Electric car service is better than to any other beach. Besides the only completed section of the county highway makes a good automobile road to this city.

At the beach the enterprising citizens have just completed the first and unequalled concrete pier to be found on the coast. For fishing and pleasure this pier cannot be beaten.

Huntington Beach also has the only open air salt water plunge on the coast. A separate division makes it possible for the children to bathe as well as a deeper plunge is for adults. The surf bathing is also good.

During the afternoon and evening a municipal band gives a free band concert in the Pavilion. This will be an unusually pleasant attraction. In the evening the Huntington Beach Athletic club will hold another one of its popular smokers which are promised for once every two weeks.

At Newport and Balboa
Preparations for the entertainment of the crowds which are already beginning to arrive at Balboa and Newport Beach have kept every one extremely busy at these two resorts. Each year the crowds which flock to these beaches increase and this year

a record-breaker is expected. Lying at the end of the sand peninsula and surrounded on one side by the best of surf bathing and on the other side by the calm waters of Newport Bay, these two beaches have become not only the most popular Orange county beach resorts but also the most popular in Southern California.

Newport Beach has a long pier which is excellent for fishing. It also has a large bath house.

At Balboa, the end of the car line, a splendid program has been arranged. The Santa Ana Band with 22 pieces will furnish a free entertainment afternoon and evening. The big feature, however, will be the illuminated parade on the bay at night. Arrangements for this parade are in the hands of W. E. Gustlin, formerly of Santa Ana. He states that there will be about thirty-five launches, row boats, canoes, etc., in the parade. Over a thousand colored Japanese lanterns have been secured. Prizes are offered for the best.

The program follows:
Santa Ana Concert Band of 22 pieces will furnish music morning, afternoon and evening.

Twenty-Two Prizes \$250
First and Second Money on All Events
Morning program, near Ocean Pier:
3 legged race; fat ladies' race; sack race; potato race; girls' egg and spoon race.

22 prizes \$250.
Afternoon program, on Newport Bay:

One man row boat race; four-oar boat race; canoe tilting; swimming race; tub race; long distance diving contest.

Grand illuminated parade on Newport Bay in the evening.

BEET MAN INVENTS LIFTER AND TOPPER

An invention which is certain to be of inestimable labor-saving value to sugar beet growers not alone in Orange county but in other parts of the country as well is a combination lifting and topping device recently perfected by Fred W. Wilkes, an Orange county man.

The device combines simplicity with efficiency. It lifts the beets from the ground after the plow has passed and then tops the beets. The pick is designed in such a manner as to adhere to the beet until it is lifted from the ground and may be easily removed from the beet.

"Wherever Wilkes' device has been tested it has been found that beets can be pulled and topped at much greater speed than was formerly the case. Heretofore the method has been to cut the beet loose, lifting it and cutting off the top.

NEW LUMBER YARD IS OPENED AT TUSTIN

Tustin News: The Pendleton Lumber Company of Santa Ana has opened a new lumber yard in Tustin. A lot on the corner of Tustin avenue and Newport Road has been purchased and office and sheds are going up. It will be a little time before the yard is ready for full business, although lumber shipments are coming now. It is probable that the mill work will be handled in Santa Ana, for a time, at least.

W. B. Whitson is the manager of the new enterprise. The idea back of the new yard is that Tustin is going to grow rapidly.

STAMP SALES SHOW GARDEN GROVE GROWS

Figures for Month of June and
for Last Quarter Are
Pleasing

GARDEN GROVE, July 3.—Post-office receipts is one of the most reliable criterions to be had for placing judgment upon the growth of a community. By that standard, Garden Grove shows considerable growth.

Measured up by other prosperity signs, this section is moving ahead rapidly. New houses, increased business, shipping figures—these things indicate a healthy forward movement.

Postmaster Frank C. Thompson finds that the postal business is increasing in a manner that cannot be otherwise than pleasing to those who have the welfare of Garden Grove at heart. The stamp sales for June, 1913, were \$128.43, and for June, 1914, they went to \$202.47. This is a gain of \$74.04, which is fifty-eight per cent. The stamp sales for the quarter ending June 30, 1913, were \$419.73, and for the quarter ending June 30, 1914, the total is \$596.70, gain of \$176.97, or forty-two per cent.

WOMEN WHO ARE ALWAYS TIRED

May Find Help in This
Letter.

Swan Creek, Mich.—"I cannot speak too highly of your medicine. When through neglect or overwork I get run down and my appetite is poor and I have that weak, languid, always tired feeling, I get a bottle of Lydia E. Pinkham's Vegetable Compound, and it builds me up, gives me strength, and restores me to perfect health again. It is truly a great blessing to women, and I cannot speak too highly of it. I take pleasure in recommending it to others."—Mrs. ANNIE CAMERON, R.F.D., No. 1, Swan Creek, Michigan.

Another Sufferer Relieved.

Hebron, Me.—"Before taking your remedies I was all run down, discouraged and had female weakness. I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and find today that I am an entirely new woman, ready and willing to do my housework now, where before taking your medicine it was a dread. I try to impress upon the minds of all ailing women I meet the benefits they can derive from your medicines."—Mrs. CHARLES ROWE, R.F.D., No. 1, Hebron, Maine.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

O. E. MANSUR, Secretary.
The superintendent's report was read and ordered filed as follows:
Superintendent's Report
Orange, Cal., June 27, 1914.
A. V. I. Co.:
Gentlemen:—Work done during the month is as follows:

On ditch J across East Chapman avenue have lowered 64 feet of 24-inch pipe to proper grade.
On petitions of A. F. Zaiser, F. Schleppe, and A. E. Shaffer for raising gates, work has been done as ordered.
On ditch AA at gates No. 1 and 2, have put in two 18-inch iron shut-off gates.
On ditch B, across creek have put in new drop 6 feet wide; also recovered old drop at same place, this work being necessary to protect pipe on account of deep wash.

On petition of H. J. Plum have laid 300 feet of 16-inch pipe, thus completing said petition.
Have made 638 feet of 24-inch, 822 feet of 18-inch, 860 feet of 12-inch and 294 feet of 10-inch cement pipe.
On Field's ranch have set out 384 Valencia orange trees.
Have narrowed intake at head of company's canal.
Received and stored one carload of Colton cement.
Other work has been attended to as usual.

Respectfully submitted,
W. A. RALPH, Supt.
The treasurer's report was received and filed.
On motion the pipeline as per petition of H. J. Plum et al was accepted as a company ditch as a continuation of ditch T.
The finance committee's report approving bills as follows, expense account, \$3,431.31; construction account, \$2,637.52, was read and approved and the secretary instructed to draw warrants on the proper funds for the several amounts.

The Zanja Committee's report was read and ordered filed as follows:
Zanja Committee's Report
Orange, Cal., June 27, 1914.
To the Board of Directors S. A. V. I. Co.:
Gentlemen:—Having examined all matters referred to us would report as follows:
J. C. Travis—To water stock land

would recommend that he have survey stakes set at all corners and at intersections of all angles of said boundary lines.
F. Wakeham.—To raise gate, would recommend that same be allowed.
German Evangelical Lutheran Co. et al.—For ditch extension, would recommend that petition be allowed, the petitioners to pay half the cost of pipe line and all the costs of the gates.
L. E. SMITH,
FRED ROHRER,
Zanja Com.

A petition was received from Fred Liefer to raise his gate and was referred to the Zanja committee.
A petition was received from Emily C. Phillips for a gate and was referred to the Zanja committee.
An opinion in reference to waste water was received from E. E. Keech as follows:
Santa Ana, Cal., June 9, 1914.
Santa Ana Valley Irrigation Co., Orange, Cal.:
Gentlemen:—In response to your request I have examined the law on the liability of stockholders who allow their irrigation water to escape from their lands and run over the lands of adjoining owners and cause them damage.

The principle involved is this: That each person is bound to use his own property as not to injure another. Since water naturally runs down hill and all the irrigated lands slope more or less one way or the other, each stockholder who receives water from the company for his own lands should, so far as he can, prepare his land in such a manner as to enable him to retain the water upon his own land. He should then order only so much water as he can control and while it is running have plenty of help to run it so it will not get away from him.
If he fails to use any of these or other reasonable precautions for controlling and confining the water his own land, and it escapes and does injury to another, he is liable for the damage.
Yours truly,
E. E. KEECH.

A petition from C. W. Thornburg to raise his gate was received and referred to the Zanja committee.
On motion the case of P. Opp was postponed to 1:30 p. m.
A petition from W. T. Mitchell to remove a gate from ditch S was received and referred to the Zanja committee.
A petition to locate stock was received from Carl E. Durnbaugh and referred to the Zanja committee.
As per request of the Zanja committee, the committee was given further time on the petition of J. C. Travis.
On motion the petition of F. Wakeham to have his gate raised was granted, petitioner to pay all costs.
On motion the petition of the Evangelical Lutheran St. John's Cemetery Company et al was granted the petitioners to pay one-half the cost of the pipeline and all the cost of the gates.
A communication was received from the American Irrigation Association and ordered filed.
On motion a warrant for \$54.70 was ordered drawn in favor of H. C. Kellogg for surveying the line between the Hazen and Bixby tracts.
On motion the limit for Run No. 2 was placed at 30 minutes to the share for one head and the price 50 cents per hour per head.
An offer was received from Jonathan Bixby Company for a portion of the Alvarez tract and on motion the secretary was instructed to answer same, that we would sell same for \$100 net, reserving all water rights, the buyer to pay all costs of conveyance and survey.

It was moved and carried that the S. A. R. D. Co. be authorized to settle all joint bills with the A. U. W. Co.
On motion the matter of putting in fish screens at our division gate was referred to the S. A. R. D. Co.
Pursuant to a report which had been filed, P. Opp appeared before the board; both sides of the case were heard and on a ballot being taken, said Opp was declared guilty of violating by-law No. 21 and a fine of \$25 imposed and on motion the employees of the S. A. V. I. Co. were instructed to not deliver any more water to said P. Opp until said fine of \$25 is paid.
On motion adjourned.
O. E. MANSUR, Sec'y.

of the busy time with the fruit in Tustin, but the audience was swelled by a delegation from Anaheim who came along with Rev. Sutherland of that place who was the speaker of the evening. The president of the County Federation, J. M. Gunnett, was also present and gave a talk. There was not much business before the meeting but it was an enthusiastic one.

A male quartet accompanied the speakers and gave four numbers which helped to make the evening an enjoyable one.

These Dry Federation meetings are to be held on the last Tuesday of every month. All those who are in sympathy with the temperance cause are urged to attend.

All the members of the Tustin W. C. T. U. and the Dry Federation were given a cordial invitation to attend a picnic to be given by the Anaheim Union on the lawn at the home of J. M. Gunnett, president of the Or-

ange County Dry Federation on Tuesday, July 14th.

TUSTIN PERSONALS

Mrs. Robert McGinnis and two children of Fremont, Neb., are visiting Mr. and Mrs. W. S. Suddaby and other relatives in Orange county.
Mr. and Mrs. Roy Cannon and little daughter and Mr. and Mrs. W. S. Whitney of Santa Ana were entertained at dinner Thursday by Mr. and Mrs. John Holt.

Mrs. G. D. Streeter of Los Angeles and Mrs. H. W. Walker of South Pasadena were guests of Mrs. George Hubbard this week.

Mr. and Mrs. Charles Bowman and children and Mr. and Mrs. Byron Johnson have gone for a week or ten days' trip to Ventura county.

Mr. and Mrs. Charles Smith will spend the next six weeks on Laguna Hills. Mr. Smith will be engaged in work for the Irvine Ranch company.

Bayard Blackman of San Jacinto made two flying visits to his sister, Mrs. Roy I. Smith, this week, on his way to Huntington Beach and back.

Mr. and Mrs. N. D. Kuhlman of San Diego will be guests of Mr. and Mrs. C. E. Utt on the Fourth of July.

Mr. and Mrs. Kumm of Redwood Falls, Minn., were guests of Mr. and Mrs. J. A. Phinney last Friday.

Mr. and Mrs. Fenlon Matthews are going to Newport Beach Monday to spend a week or ten days.

Mr. and Mrs. W. L. Shatto will start on Wednesday of next week on a trip to San Francisco, San Jose and Santa Cruz. They will visit Mr. Shatto's sister and will then go to attend the camp meeting of the Northern Advent Christian church.

Rev. and Mrs. E. W. Blew left last Monday morning for a month's stay in the northern part of the state. Rev. Dickinson of San Francisco will occupy the pulpit at the Presbyterian church every Sunday during Mr. Blew's absence.

Mr. and Mrs. John Holt entertained Mr. and Mrs. Roy Cannon and little daughter of Redondo Beach and Mr. and Mrs. W. S. Whitney of Santa Ana at dinner on Thursday of this week.

SOCIETY AND CLUBS

A Trip to Yosemite
Miss Clara Macomber is one of a party of two hundred members of the Sierra Club now taking a trip through the Yosemite Valley, over the high mountains and on through the Hetch-Hetchy.

Eureka Club
One of the pleasant social events in Tustin last week was the meeting of the Eureka Club with Mrs. John Kiser.

In the afternoon the ladies gathered in with their embroidery and enjoyed a pleasant social time until time for a 6 o'clock dinner to which the gentlemen members of the club were invited.

The Kiser home was decorated with the national colors in honor of the Fourth. A delicious chicken pie dinner was served at 6 o'clock and the evening hours were spent in the game of progressive whist. The first ladies' prize was won by Mrs. Fenlon Matthews, the gentleman's prize by Harry Kendrick, the consolation prizes going to Mrs. Elsworth Mount and Oscar Thompson.

The next meeting will be held with Mr. and Mrs. Dudley Kiser.
Those enjoying the pleasant occasion were Mr. and Mrs. Fenlon Matthews, Mr. and Mrs. Arthur Hooper, Mr. and Mrs. Elsworth Mount, Mr. and Mrs. Harry Kendrick, Mr. and Mrs. Dudley Kiser and Mr. and Mrs. John Kiser.

Y. M. C. A. Entertainment
The Y. M. C. A. entertainment held in the Presbyterian church last Friday night was very much enjoyed by those who attended.
Talent from the Santa Ana Y. M. C. A. pleased the Tustin audience with readings, quartet and solo singing, novelty musical numbers and other interesting stunts. It is hoped that these entertainments can be given frequently at regular intervals and be well advertised, as they afford the young people an opportunity for amusement which is much needed.

NO REGISTER TOMORROW

Tomorrow is Independence Day, and that all of those connected with the Register may have the day to celebrate as they desire, the Register will not be published. The Register hopes the Fourth of July, 1914, will serve to again impress upon each resident of Orange county that independence, loyalty and service to country are not to be forgotten, and are to be fought for today just as vigorously as in 1776.

A WORD TO BANK CRITICS

It has been the policy of banks throughout the country to strengthen their reserves, practice conservatism in making loans and in every manner to strengthen their cash resources in order that the crops might be moved with celerity and no stringency arise, causing an abnormal advance in rates. Had they been more lax we might even now be in the throes of a semi-panic, for the legitimate demand for money was never greater in the history of the country. Merchants, manufacturers, shippers, exporters and all employers of skilled labor are being protected by their banks, so far as is possible or prudent. Some people who were going too fast have "slowed down" a little to prevent an over-accumulation of goods that do not find a ready sale at the moment. Bankers were not so cautious, nor did they look so far ahead in 1893, year of the World's Fair in Chicago, and panic was the result.

Owing to the activities of Congress during the past year new conditions have had to be met, digested and assimilated. Never in a similar period have so many radical changes in the laws governing various lines of business been made. The nation's financiers have applied themselves to the task and by "cutting the garment to fit the cloth" prevented any semblance of a business upheaval, which was expected and predicted by many.

Promotion of a speculative nature has been checked to the end that the legitimate business of the country might not suffer.

In point of fact the banks have adopted the rule of "safety first," which is a splendid thing for depositors, stockholders and the general business health of every section or community in the land. They have taken advance notes of what the new reserve banking laws will demand, and put many of them into action before the new system is actually effective, thereby making the merging of the old into the new order of things simple, natural and devoid of friction. Early in 1915 the reserve plan will be in full swing, the machinery properly adjusted, and deposits should reach the highest point ever known. We will begin the year with more available capital than ever before. We will also have the added elasticity and protection of solid unity of all banking resources, provided by the new plan which will admit of wholesome expansion along all promising lines of business endeavor. There is no artificial tightness in the loan market; whatever stringency there is has been caused by the abnormal demand for funds to market the produce of the soil, and that will have adjusted itself, profitably to the nation, before the dawn of 1915.

The happy result of the foresight of American financiers is observable in the complacency of banking centers during recent strenuous months. The disastrous showing made in the Rock Island, Frisco and New York, New Haven and Hartford investigations in any previous year would have had more serious results, even if panic had not ensued. When a receivership was announced for the Claffin Company of New York, one of the oldest and most prominent concerns in the country, involving \$30,000,000 of indebtedness, scarcely a ripple appeared on the surface of the financial sea. It was an incident of the day's business and that is all. This could not be except for the fact that the banks are too well prepared for surprises, and that the big red apple of finance is sound to the core.

\$5,000 TO AUTO RACERS AT TACOMA

TACOMA, Wash., July 3.—A number of the fastest cars in the West participated in the Intercity Century Automobile Race run on the Tacoma Speedway this morning in connection with the Montama Festo. The distance was 100 miles and the cash prizes aggregated \$1500. The race was run over the new two-mile asphaltum course, one of the fastest in the country. This afternoon the Golden Potlatch trophy race, two hundred miles over the same course, for purses of \$3500, will be run. Both races were sanctioned by the American Automobile Association.

DOUBLE MURDER AND SUICIDE THE CAUSE

ATLANTA, July 3.—All perforated by bullets, the bodies of S. F. Bennett and two women, one believed to be his wife and the other his mother-in-law, were found today in a swamp at East Point, an Atlantic suburb. There is no explanation of the crime, although the police believe that Bennett shot the women and then committed suicide.

ELIMINATION OF MIDDLEWEIGHTS

SAN FRANCISCO, July 3.—One of two claimants to the middleweight title will be eliminated here tomorrow when George Chip and Billy Murray Clash for twenty rounds at the Ninth street arena. Both are in excellent shape and a whirlwind battle is expected. The winner probably will be matched with Jimmy Clabby for Labor Day.

YOUNGSTERS ON TRIAL FOR DARING THEFTS

PASADENA, July 3.—Accused of seven robberies, Elwyn Sharon, aged 17, and Albert Maury, aged 15, are being held for trial today. The police say the boys stole scores of articles, including rugs, furniture and revolvers, to fit out a house they had constructed in a tree.

PROHIBITIONISTS IN SESSION AT COLORADO SPRINGS

COLORADO SPRINGS, July 3.—Plans for state-wide prohibition in Colorado are expected to be laid during the state convention of the Prohibition Party which began here today. While all delegates are united in their belief that the time is ripe for a determined campaign, they are said to differ as to the proper methods which should be pursued.

Oh, These Nervous, Mad Astonishing Americans

(By William G. Shepherd, United Press Staff Correspondent.)

VERA CRUZ, June 22 (By mail to New York).—Those nervous, mad, astonishing Americans!

They can't be quiet, no matter how hot it is. They won't rest in the middle of the day, no matter where the thermometer stands. They won't sit peacefully under the portales of an evening and listen, placidly, to the music; instead, they insist on dancing. What a mad people has come down upon us from the north!

So say the Mexicans in Vera Cruz. The upper class folks—who think they really are very upper, indeed, and look down upon Americans as vulgarly healthy and vulgarly active—shrug their shoulders, politely and stay away from the portales and the open air concerts. The lower class folks show signs of worry and astonishment.

Now there was the case of the dogs, for instance. It's true, of course, that Vera Cruz had a great many dogs and that scores of tramp dogs ran from table to table in the portales during eating hours and begged, with the rest of the beggars. But Vera Cruz had gotten along for three centuries with its dogs and it could have gotten along three centuries more. Only this person, Gen. Funston, had to find something for his soldiers to do and he set them to work chasing all dogs who didn't wear muzzles and shooting them on the spot. He didn't even permit his soldiers to throw wire hoops around their necks and drag them off to some out-of-the-way place to be killed.

True, the dogs are gone, but it looks very much as if this General Funston only issued the dog order so that he could give his nervous, restless soldiers something that would keep their hands full. He succeeded, all right, if that was what he wanted, for his soldiers chase dogs in the hot sun, from one corner of the city to the other, and, besides, they chase them all night, too. When you talk like this, if you're a Mexican, you end by shrugging your shoulders, helplessly, as if you gave up the conundrum.

And, if you're a very high Mexican, who, before the Americans came, were accustomed to dine at the Diligencias hotel, you talk about what the mad Americans did there. Just to keep his men busy—his nervous, restless men, who never take siestas at mid-day and who, for play, punch each other with

300-MILE MOTORCYCLE RACE SCHEDULED AT DODGE CITY

DODGE CITY, Kans., July 3.—Thousands of visitors are here today to witness the "motorcycle classic" of the year, the 300-mile race at the local motordrome. The race, which will be run tomorrow, is to motorcyclism what the 500-mile auto race at Indianapolis is to the automobile world. Practically all of the best riders in the country are entered for tomorrow's big event. Charles Fearless Balke, Erwin G. Baker, who crossed the continent on a motorcycle in eleven days; Bob Perry, Ray Seymour, Malwyn Jones, Carl and Bill Gowdy, Maurice Tice, "Speck" Warner and Johnnie Constant are among the best known riders entered. The title of world champion will be conferred upon the winner by the Federation of American Motorcyclists.

\$5,000 CAR AS AN AUTO RACE PRIZE

DENVER, July 3.—Nearly fifty automobiles started from the Denver Motor Club this morning in the 240-mile road race to Pueblo and return, arranged by the club. Motor clubs of Pueblo and Colorado Springs are co-operating. The racers will make the run to Pueblo today, stopping four hours at Colorado Springs en route. Only elapsed time will be counted. The machines will be started back to Denver from Pueblo tomorrow, arriving here tomorrow afternoon. A handsome \$5000 car has been offered as first prize.

GRAY HAIR BECOMES DARK, THICK, GLOSSY

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wet's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, thick and glossy and you look years younger.—Advertisement.

CELEBRATED BIRTHDAY

Little Miss Backs, Aged Six Years, Hostess Yesterday at Jolly Party

A jolly little party to celebrate her sixth birthday was given yesterday afternoon by little Miss Edna Inez Backs at the home of her parents, County Recorder and Mrs. J. M. Backs, Jr.

Pink carnations were used to decorate the parlor and in the dining room a red scheme was carried out with red carnations and numerous flags in honor of the glorious Fourth. Here refreshments dear to the childish heart were served, the birthday cake being adorned with six flags and six red candles. The lights were also shaded with red and daylight excluded, making the scene a charming one. The ices were moulded in red and white.

The children enjoyed various games, such as drop the handkerchief, frog in the meadow, London bridge, out of doors, where a large canvas had been stretched under the large walnut trees. Red Japanese lanterns swung from the branches.

The little lady received a number of pretty gifts, which made the day more than happy for her.

The following were present: Blanche and Louise Kelly, Eleanor Walker, Mildred Pyatt, Nadine Carmack, Jack Coleman of Santa Ana; Alberta Vail and Frederick Vail of Fullerton, Carl and Edward Backs of Anaheim; Mrs. Joe Backs, and Mrs. A. Backs, and Mrs. Stock of Anaheim; Mrs. Albert Vail of Fullerton.

Linen Shower for Bride

Miss Ethel Wilson, who on Monday evening next will be wedded to Errol Lucas, was the honoree yesterday afternoon at a linen shower given by Miss Ray Knight on Cypress avenue. A yellow and white color scheme was carried out, calenulias being the golden flower used. Ferns blended artistically with the scheme.

The young ladies enjoyed games of various kinds on the velvet lawn and while playing "ring around the rose" pelted Miss Wilson with packages containing dainty linen, afterwards endeavoring the initial "L" on each gift.

During the afternoon the girls wrote their favorite recipes and bound them in a heart-shaped book for the honored guest. Refreshments in two elaborate courses were served on a pretty table on the lawn, the favors being wedding bells tied with yellow ribbons. A huge bowl was filled with flowers for the center piece and ferns were scattered over the table.

Besides the hostess and honoree, the young ladies present were Mrs. Rich and Williams, Misses Ruth Lucas, Clara and Lois Wilson, Hazel Kendig, Winifred Roberts and Edith Havens.

M. N. U. Club

A very jolly meeting of the M. N. U. club was held last evening with Miss Marguerite Wallace at her home on Spurgeon street. Brilliant red roses were used in the reception hall and Cecil Bruners in the living room.

Don't Hide Them With a Veil; Remove Them With the Othine Prescription

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.—Advertisement.

TWO REPUBLICAN CANDIDATES ARE COMING WEDNESDAY

A Republican meeting will be held in Santa Ana on Wednesday evening, of next week at Elks' hall. The meeting will be addressed by Captain John D. Fredericks and Hon. Joseph R. Knowland, candidates for nominations for governor and U. S. senator, respectively. It is expected that arrangements will be made whereby these men will visit several towns in the county during the day.

TO PATRONS OF OUR CONCERTS

Many complaints having come to us from parties attending the open-air concerts. Lovers of music, who come for a good time, but particularly to listen, state that so much talking is done during the numbers that it takes away much of the pleasure.

Parking space has been provided for the machines and drivers are requested to start them only between numbers, during which time everybody may talk as loud as he (or she) pleases.

We urgently request that during the pieces the audience remain quiet and assist the marshal and deputies in maintaining order.

Concerts start July 8, 1914.

AMUSEMENTS

The vaudeville at Clune's last night offered some especially pleasing features, the most popular turn being that put on by "Peg and the Limit." "The Limit" in this case is an elongated personage who seems to run as much to unsightly and excruciating angles as his partner, Miss Peg, runs to plump and pleasing curves. This team does some exceedingly clever club work, interspersed with singing by Miss Peg and side-splitting gyrations by "The Limit." The latter unpacks a lot of agile antics and capers from a repertoire such as is not generally found among "the small time."

A dainty turn is offered by Angelle and Erskine, who win all hearts by their refined and harmonious singing. These two young ladies have an in gratiating manner which is very pleasing to the audience.

Cuba de Schen offers some quaint and plaintive Indian songs in the original. She gives the English version of her offerings and her act is very popular.

Patric's weekly offers some interesting pictorial journalism and a special feature film, "The Dogs of War," filmed by the same firm, gives one a good insight of the use that may be made of sagacious canines for martial purposes.

A clever detective film is "The Mystery of the Amsterdam Diamonds." This keeps everyone guessing from the start. It is safe to say that this film is to the movies what Conan Doyle is to narrative fiction.

PIECE OF BAD ROAD GIVEN A ROASTING

Anaheim Plain Dealer: One of the worst stretches of road in the community is the block on North street, between Los Angeles and Lemon streets. It is shoe-top deep with dust and sand, and is covered with numerous hills and hollows which intersperse it. Since the closing of the road between the city and Fullerton, North street is traveled daily by hundreds of automobilists, a large majority of them being from out of town. That is, they travel it when their machines don't get stalled in the sand. It is far from a good impression of the town that miserable roads leave with visitors. Supervisor Scamacher was preparing to grade and oil North street a year ago, but discovered that the city claimed the street and he had no jurisdiction in the matter. In all of ten years' time it is doubtful if the city has spent \$10 in improving this section of thoroughfare. Is it unreasonable to ask that a couple of more dollars be spent upon its improvement in the near future—or within another ten years at least?

Tustin Budget

Edited by Miss
Florence StoneNEW BUILDINGS
ARE TO GO UP
ON MAIN STREETA Number of Improvements
Are Projected in Near
Future

The large blue gum tree growing near the corner of Main and C streets was cut down yesterday because of the fact that another new, modern store building is going to be built on Main street's central block.

The Tustin Mercantile Company has outgrown the old building which was so long the center of trade in Tustin.

Mr. Sam Tustin is preparing to erect a modern store building on the lot adjoining the former store building to be occupied by the Tustin Mercantile Co.

Tustin improvements on Main street will be a new concrete walk on the south side along the front of seven homes just west of B street, four of which are new bungalows just about receiving their finishing touches.

Coming Home

Miss Ethel Shatto who has been studying in Germany during the past year, is now in Paris and will start for home about the 23rd of July.

GOING FORWARD

Does any one realize with what a mighty impulse the Pacific Coast is going forward? If no foreigners ever came again to this country it still would in time become a mighty empire because those who are already here realize more and more that the easiest place in which to dwell and gain a livelihood is in the states and territory that face the setting sun.

The cities and the state in general are preparing to welcome Europeans in large numbers in the immediate future.

The settlement of the Pacific Coast has heretofore been from the landward side, but with the opening of the Panama canal there will be a mighty meeting of Americanism and Orientalism.

Americanism must never give way, but this incoming population must be made Americans and must be adjusted to our ways and laws and schools and churches. Our cities must be kept under the control of those who respect our flag and love our country.

It is necessary that the churches should get a vision of this tremendous task which will call for high ideals of living physically, intellectually and morally in order to show the newcomers something better than what they left behind.

If treated humanely and with the spirit of brotherhood these people will do their part in upbuilding the Pacific Coast country.

The great task is to keep alive our national characteristics, not by building a wall around our country, but with courage and hope welcoming those who when they come will set in line with the spirit of the government which has made us what we are—the first nation of the world.

PYTHIAN SISTERS
VISITED ANAHEIM
LODGE WEDNESDAYSix Members of Wistaria Lodge
Attended the Ceremonies

A party consisting of six members of Wistaria Lodge Pythian Sisters went by automobile Wednesday afternoon to attend the installation of officers at K. P. Hall, Anaheim.

The party went over in the afternoon and were invited to a banquet at 5 o'clock, after which the officers of the lodges, Orange, Anaheim, and Tustin were installed. Past Chief Nellie Houts was the installing officer.

Those from Tustin were Mesdames D. L. McCharles, Ed. Wollenburg, C. A. Nordstrom, Harry Kendrick, Roy I. Smith, Miss Lena Wollenburg. The ladies were accompanied by Mr. Roy I. Smith.

Mrs. Eva Craven Wheeler

Mrs. Eva C. Wheeler, National W. C. T. U. lecturer and reader is coming to our Orange county beginning Wednesday, July 8th at Tustin.

Mrs. Wheeler is a very fine elocutionist and her coming to Tustin will afford an opportunity which is not often available in a rural place.

In the afternoon next Wednesday Mrs. Wheeler would like to meet every woman in Tustin at the Advent Christian church. She will have a message of great interest to them and will speak especially to all women's clubs and women's organizations.

In the evening the public is invited to a mass meeting and Mrs. Wheeler is to be the speaker of the evening. She is witty and humorous and no one will be disappointed who goes expecting to enjoy the evening.

Mr. and Mrs. Ernest Crozier Phillips have been spending a quiet week with Mr. Phillips' mother, Mrs. M. E. Phillips at her beautiful pioneer home in Tustin since their marriage on June 24. They will leave in a few days for a short trip to Santa Paula and from there to Santa Barbara and several other points. They will be at home, 405 South Birch street, Santa Ana, after July 15th.

Mr. Phillips many friends in Santa Ana and all over Orange county will be glad to welcome him with his lovely bride, who was formerly Miss Ray Bond of Pasadena.

A Busy Week

These are the longest days of the year, but they are none too long in which to accomplish the work of handling the apricots that are now ripe in the Tustin district. It is a tedious task, but there are many features of the work to compensate for the tediousness. It is a work that you can do and talk and be sociable at the same time. Even the most reticent will talk and give his opinion at some time during the day. You can laugh and be amused while doing your work.

The cool of the early morning is rather an alluring call to begin and as everybody gets busy, enthusiasm becomes contagious.

You know just where you stand during the day—just how much money you are making. There is no denying that it is a popular kind of work in Tustin just now and most everyone wants to take a hand.

Church Notice

The regular services will be held at the Presbyterian church next Sunday. Rev. Dickinson of San Francisco will conduct the services morning and evening. Christian Endeavor at 6:30.

Advent Christian Church

Sunday school at 10 a. m. Communion service and sermon 11 a. m. Subject, "Eternal Life." Loyal Workers, 6:30 p. m. Evening service at 7:30. Subject, "Salvation."

At the regular prayer meeting service next Thursday night Rev. Clarence Busa, a returned missionary from China, will be present to give an interesting talk.

Berean Bible Class

The regular monthly business and social meeting of the Berean Bible Class of the Presbyterian church was held Wednesday afternoon at the home of Mrs. Chas. Eells on Newport Road.

The ladies were taken in automobiles out to the hospitable Eells home. The house was beautifully decorated with handsome Mammam Cochet roses and pink geraniums.

The president not being present, Mrs. Eells was asked to take the chair. Mrs. C. E. Utt read the 91st Psalm in opening the meeting and this was followed by prayer in concert.

The Home Department Sunday School being in charge of the Berean Class, a picnic was planned for the members of the two combined to take place early in September.

The Home Department Quarterly were prepared ready for distribution, after which a very pleasant social time was enjoyed, a part of which was spent on the lawn and among the beautiful roses and other handsome flowers around the Eells home. Delicious ice cream and cake were served.

The ladies present were Mesdames S. E. Tingley, Geo. Pollard, L. A. Cook, C. E. Utt, John Dryer, W. L. Leiby, C. P. Marshall, F. Elofson, Edie Slusser, Sarah E. Moores, and Miss Carolyn Bentley. Mrs. Chamberlain of Santa Rosa was a guest of the club.

Dry Federation Meeting

At the Dry Federation meeting last Tuesday evening the crowd was not quite up to expectations on account of the weather.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

The modern
stove for
the farm

A good oil stove cooks just as well as a wood or coal range—and does it quicker and cheaper. It saves your time and strength—for there's no wood, coal or ashes to lug. The

New Perfection
OIL COOK STOVE

burns kerosene—the clean, cheap, easily-handled fuel. Its blue flame gives an intense heat and you can regulate it to any degree you want—just like a gas range. It doesn't smoke—nor taint the food. An ideal summer stove because it doesn't over-heat the kitchen. Many use it the year 'round. Dealers everywhere.

Los Angeles Produce Market
Trading in all lines was very light yesterday morning, owing to the hull preceding the heavy demand expected today. There were no changes in most lines of fruit and vegetables in the division of fresh products. Lemons and limes showed a slight advance. The demand for these occasioned by the warm weather and the holiday are the principal causes for the increase. Grapefruit, on the other hand, is lower. Peaches are at the zenith of the season, and are obtainable from 60 to 75 cents a lug box, even the very fancy varieties. Malaga grapes are a feature. They are selling at \$1.75 per basket crate. Thompson seedless are still supplying the bulk of the demand.

Egg receipts were 502 cases. The call for eggs was slow enough to cause a decline to 25 cents on case count stock. Butter arrivals were 28,300 pounds. The market was firm on higher receipts for several days past.

LAGUNA AUTO STAGE

Peacock's Laguna stage leaves the White Cross Drug Store, Santa Ana, daily for Laguna Beach at 4:15 p. m.

TUSTIN GRAMMAR

Until 12 p. m. noon, Saturday, July 18, 1914, bids will be received by the Board of Trustees of Tustin School District for the construction of a two-story and high basement brick grammar school building, for which bonds to the amount of \$40,000 have been voted and sold.

The building will contain library, reading rooms and open air class rooms on second floor; 14 class rooms, office and auditorium on first floor; and furnace room, bicycle rooms and manual training departments in the basement. It will have brick walls, concrete foundation, tile roof, modern school plumbing, electric wiring, 3 furnaces, and plenum system of heating, and electric clock and program bell system.

Bids will be received for general contract, electric wiring, finishing hardware, heating and ventilating system, and electric clock and program bell system.

The plans prepared by Elwing and Tedford (Rooms 12-13, Orange County Savings and Trust Bldg., Santa Ana, Cal.) will be open for figures on Monday, June 29, 1914.

SHORT WEIGHT BUTTER BRINGS FINE OF \$100

WHEAT EATERS

Conquer the World Says an Authority

Eating bread isn't the same as eating wheat, because white flour does not contain ALL the wheat.

There is one breakfast food called "FORCE" that contains all the elements of whole wheat, scientifically blended and cooked with barley malt; then rolled, toasted and flaked.

"FORCE" comes to you fresh and crisp from the factory, in air-tight, dust-proof packages. These packages or cartons, which sell at 15 cents, contain enough "FORCE" to make several meals for the average size family. And yet one hears so much these days about the high cost of living!

A diet of wheat means leadership. The progress of the nations prove that wheat eaters conquer the world. "FORCE" is the highest possible attainment in wheat food. It is the most delicious of cereals.

"FORCE" was selected for the American Athletes at the Olympic Games because it is a "perfectly balanced" food, containing all of the elements necessary to build and sustain muscle and strength. "FORCE" is sold by good grocers everywhere. When ordering, insist on "FORCE." Accept no substitutes.—Advertisement.

Will You Trade?

Southern California town property for the Tulare county land which I have been advertising in this space.

You would find the land and conditions just as I have described them

180 acres\$18,500.00
100 acres\$12,500.00
60 acres\$7,500.00

If you have clear property I will allow you full value for it, will take what you have as first payment on the acreage you want and take mortgage on land for the balance, or I will trade value for value, clear for clear. Will give you satisfactory reason for offering the best exchange you have had put up to you. Agents take notice. Drop me your address by letter if you can't reach me by phone. 644J.

geles, and that experience cost the company a fine of \$100 this morning. On June 15, George McPhee, county sealer of weights and measures, seized a box of butter shipped to the Santa Ana Produce Company by the Los Angeles firm. The box was supposed to contain thirty pounds of the product but actual weights taken in the justice's court this morning showed it to be short forty-four and a half ounces.

J. D. Simpson with Attorney G. Behymer appeared in court today, and Simpson pleaded guilty to the charge. He stated that the butter came from Albuquerque, N. M., and coming across the desert suffered some shrinkage, though that would not account for all of the shortage.

Justice Cox placed the fine at \$100. That seemed to jolt Simpson severely, and after he and his lawyer talked it over, they announced that they would take an appeal on the ground that the fine was excessive.

Judgement Upheld
Justice Cox today received notice from County Clerk Williams that the superior court had upheld Justice Cox's judgment in fining Albert H. Hayes of Los Angeles \$200 for killing over the limit of ducks. The money will be sent to the Fish & Game Commission.

BAND CONCERT IS GIVEN AT ORANGE

(By Staff Correspondent)
ORANGE, July 3.—The weekly band concert will be given this evening instead of Saturday, tomorrow being a holiday. An extensive program has been prepared by the Orange band and a good crowd is expected. The Saturday evening program will be resumed after this week.

Miss Regina Stanley of Los Angeles is here to spend the Fourth with her brother, B. D. Stanley and wife.

Mrs. Margaret Jasper went to Los Angeles today to make arrangements for a trip north. Mrs. Jasper will leave in about ten days for a month's visit in Oregon and Washington.

Mr. and Mrs. Clarence Wilson will spend Saturday and Sunday with relatives in Long Beach.

T. E. Dozier is enjoying a visit from his sister, Mrs. Cornelia Hayes, and daughter Laura, of Tulare county, who are here to spend a month or so. Mr. Dozier will go to meet another sister, Miss Callie Dozier of North Carolina, who will remain here indefinitely.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to Flush Kidneys and Neutralize Irritating Acids

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—Advertisement.

TEMPLE THEATRE WILL OPEN MONDAY NEXT

The grand opening of the Temple Theatre with the successful masterpiece, "Hearts Adrift," is next Monday night.

Mary Pickford, the famous motion picture star, will appear before her worshipping public in a surprising and novel play, "Hearts Adrift," produced by the Famous Players Film Company.

Mary Pickford is an unusual little person. She was a famous star at seventeen, and now, when she is not yet twenty, she is considered the most popular motion picture star in the world. "Little Mary" possesses a subtle magnetism, it is true, but this is not entirely the explanation of her wonderful popularity. In the final analysis, she is an exceptionally clever artist, a careful and accurate character actress.

In "Hearts Adrift" Mary Pickford portrays a character entirely new to her followers, that of Nina, a little castaway, who is washed ashore, after a shipwreck, on a South Sea island. Nina survives the hardships of the desolate island, and leads a primitive life, subsisting on fruit, fish and herbs, and contriving crude garments from skins and fibre. This charming, natural environment will add interest to the naive, bewitching characterization of Miss Pickford.

Later Fate sends another castaway to this island, for whose happiness the little half-savage Nina suffers much and eventually sacrifices her life. The pathos of the tragic denouement of the story is tenderly softened by Miss Pickford's delicate and repressed portrayal. Mary Pickford attains a high dramatic power in this production, and strikes a strong note of uplift in the supreme sacrifice which is the climax of Nina's devotion to her lover.

When Mary Pickford announced her intention to abandon the stage indefinitely and appear in the Famous Players productions the public anticipated a series of pretentious subjects particularly selected to fit her favorite. In "Hearts Adrift" will be found just the story and atmosphere

to emphasize "Little Mary's" delicious and inimitable art.

The theater, which is situated on the corner of Third and Bush streets, has undergone a great change. The entire house has been overhauled and decorated and the management says it is a credit to Santa Ana and a place the people of this city should be proud of.

The stage setting is but the second of its kind east of Chicago.

In keeping with all this, the management has something out of the ordinary in the form of a select orchestra of lady musicians who will render appropriate music.

Two performances will be given each night, one at 7:30 and one at 9 o'clock with a matinee at 2:30 every afternoon.

"Hearts Adrift" will be played Monday, Tuesday and Wednesday, July 6, 7 and 8; and for the balance of the week, Thursday, Friday, Saturday and Sunday, Jack London's famous novel entitled "The Sea Wolf," will be the offering.

VILLA PARK ASKS A ROAD DISTRICT ALL OF ITS OWN

Villa Park is coming to the front with a bunch of boosters actively engaged in looking after the things that it needs. One thing that the frostless Villa Park district is seeking is the establishment of a new road district. At present Villa Park is in the Olive road district. It is argued that the road money can be better distributed and utilized if the district is divided, and to that end a petition to the Board of Supervisors is being circulated by Hugh Thompson, Willard Smith, G. D. Williamson and S. J. Duttonthal.

The petitioners propose to have all that part of Olive road district lying east of Tustin avenue made into a road district to be known as Villa Park road district. The petition will be presented to the Board of Supervisors at its next meeting.

AT THE COURT HOUSE

STINSON IS SUED FOR RENT OF MULLS

Curtis is Plaintiff in an Action Against Contractor for \$368

M. L. Curtis, known here as a street contractor, has brought suit against E. G. Stinson, a teaming contractor of Orange, for \$368. Curtis' complaint, filed by Attorneys Scarborough & Forgy and S. M. Reinhaus, alleges that Stinson rented mules from Curtis at fifty cents per head per day. There was evidently a dispute over the amount due Curtis. A part of the amount claimed by him has been paid, and suit is for the balance that Curtis alleges is due him.
